#### 1947-1948 INDIAN CHATTER-THE CHIEF

Our school paper, THE INDIAN CHATTER, was published on the first Friday of every month. Sports, class news, current school happenings, and the gossip column were some of the features. About 110 copies were made each month and the paper was sent to many surrounding schools. The second year typists helped with the stencils under the direction of Miss Brayton.

This year, our annual was again published by the Seniors. It was named THE CHIEF, the same as last year.

#### HOT LUNCH PROJECT

This program was not begun until a couple months after school had started. The reason was that the Home Ec room had been moved and it was not completed until later on.

Fifteen girls, including Seniors, Juniors, and Sophomores, participated in this project and received a half credit for their work.

This year the school had a contract with the state and received reimbursement for the meals served to students.

A toaster was raffled and the proceeds went into the Hot Lunch fund. The toaster was won by Mrs. August Kramer.

Approximately 60 students were served each day and everyone seemed quite satisfied with the meals.

### SKILLFUL SQUAWS

2nd row--Mrs. Lincoln, Alice Kavanagh, Helen Simon, Betty Marie Fox, Joan Rockey

1st row--Harriet Parks, Alice Theis, Martha Hendrick, Mary Fedewa

The Skillful Squaws of 1947-48 are not as numerous as in former years, but have made up for lack of number by increased diligence. The Junior members of the Skillful Squaws from the Grade Rooms are not pictured here.

There has been an active interest in knitting both in high school and the grades, and many beautiful knitted articles have been made by the girls.
